I was a sleep in my bed. I had a bad dream about an Old Girl-friend who had an abortion. The thought of her makes me cringe. In my dream she was telling me that I ~~had~~ had an abortion with your child. And I told her no I became so in rage that I got out of bed all I could hear was that laughing sound. I do not know what came over me but I snapped and I jumped on the bed and ~~shredded~~ hit her in the head and started choking her. I did not know it was my own daughter until after I had shoved the broom stick in her Privates I fell back, Jarring me to my senses and I realized it was my daughter. I became so confused that I tried to rid the house of all the stuff in the house that would make me look guilty. I grabbed the broom and pull it from her Vagina. I pulled her panties + pants up I did not ~~know~~ know it was my own daughter until I fell backwards. The next morning at 6:08 when the alarm, + phone rang out, I was hoping it was a very bad dream.
